

REMARKS/ARGUMENTS

Claims 1, 5-12, 16-23, and 27-36 are pending in the application. Claims 2-4, 13-15, and 24-26 have been cancelled. Claims 11, 22, 33 and 35 have been allowed. Claims 1-3, 12-14, 23-25, and 36 stand rejected under §102. Claims 4-10, 15-21, 26-32, and 34 have been deemed allowable but are objected to as depending from a rejected base claim. In view of the following remarks, the applicants respectfully ask for the Examiner's thoughtful reconsideration.

It is initially noted that Claim 34 depends from Claim 33 – an allowed claim. Thus Claim 34 should also be allowed. As such, the following remarks treat Claims 11, 22, and 33-35 as being allowed.

CLAIM REJECTIONS – 35 USC §102

Claims 1-3, 12-14, and 23-25 stand rejected as being anticipated by USPN 7,031,025 issued to He.

Claim 1 has been amended to incorporate the limitations of Claim 4. Claim 4 was deemed allowable but objected to as depending a rejected base Claim. Thus Claim 1 is in condition for allowance as are Claims 5-10 which depend from Claim 1.

Claim 12 has been amended to incorporate the limitations of Claim 15. Claim 15 was deemed allowable but objected to as depending a rejected base Claim. Thus Claim 12 is in condition for allowance as are Claims 16-21 which depend from Claim 12.

Claim 23 has been amended to incorporate the limitations of Claim 26. Claim 26 was deemed allowable but objected to as depending a rejected base Claim. Thus Claim 23 is in condition for allowance as are Claims 27-32 which depend from Claim 23.

Claim 36 is directed to a system having various means for implementing the method of Claim 1, as amended. For at least the same reasons Claim 1 is patentable, so is Claim 36.

Conclusion

In view of the foregoing remarks, Applicant respectfully submits that Claims 1, 5-12, 16-23, and 27-36 define allowable subject matter. The Examiner is requested to indicate the allowability of all claims in the application and to pass the application to issue.

Respectfully submitted,
Zhen He
